Water ski

Wake board

Interior Finish

Fully upholstered in leather, matching the burl wood of the furniture and the cream tones in the carpet.

Accommodation

Guests: 8/9 in One Master, One VIP, Two Twins with One Pullman Bed

Crew: 6

Comments

POLLUX is a perfectly maintained yacht built by Cantieri di Pisa. Her interior design by Don Starkey provides space and comfort through a fusion of Japanese and art deco themes. The yacht can accommodate 8-10 guests in 4 spacious cabins all located on the lower deck. The full beam master suite, decorated with natural colours welcomes you with a feeling of spaciousness. The VIP cabin with a double bed, fully upholstered in leather, matches the burl wood of the furniture and the cream tones in the carpet. On the lower deck, there are the two spacious twin cabins both with ensuite facilities. The widespread use of onyx marble together with the combination of silver and gold plated accessories in the guest bathrooms is clear evidence of both the refinement and the elegant richness of the interior design. Her fly bridge provides ample space for sunbeds, a dining table and a full beam circular lounging area.
