DeFunc TRUE GO Slim Bluetooth 5.0 Headphones Are you looking for headphones that will fit you perfectly? Then Defunc TRUE GO SLIM are the product for you. DeFunc designers have created a unique MultiTip™ design on a global scale, which combines many functions - it provides incredible comfort of use, better fit and high quality sound. The MultiTip™ design is a hybrid of in-ear and in-ear headphones while maintaining a conical shape, so you get an in-ear headphone experience without total isolation. The highest comfort of use and great design in one. The headphones have touch control that facilitates the use of key functions of your computer or phone. The device is waterproof in the IPX4 class, which ensures safety against sweat or splashing water. Main features - 22 h playback time with charging case - 4 h active playback - Excellent sound - Volume control - Touch control - Perfectly matched for a high user experience - Bluetooth 5.0 - Fast charging via USB-C - Wireless range 10 m - Water and sweat resistant IPX4

- Bluetooth 5.0: Thanks to the high-resolution decoder and advanced audio coding technology, improving the communication problems of conventional headphones and minimising skipping and sound interruption, you can enjoy music comfortably even in the hustle and bustle of the city.
- IPX4 water and sweat resistant quick auto-pairing: Forget complicated pairing procedures, our smart wireless earphones will automatically connect your device once you take them out of the case after the first pairing and are IPX4 water and sweat resistant
- MultipTip design for all-day comfort: Silicone headband keeps headphones comfortable and secure during most daily tasks
- Touch and voice control - Tap, swipe or voice command to control music, voice calls, Siri, Bixby, Google Assist, etc
