

EN

1. Provide instant relief from painful blisters
2. Keep the wound from dirt, germs and bacteria
3. Each plaster contains a hydrocolloid island pad, which absorbs excess moisture from skin and helps create the ideal healing conditions
4. Discreet and waterproof

DE

1. Bietet sofortige Linderung von schmerzhaften Blasen
2. Schützen sie die Wunde vor Schmutz, Keimen und Bakterien
3. Jedes Pflaster enthält ein Hydrokolloid-Inselkissen, das überschüssige Feuchtigkeit von der Haut aufnimmt und hilft, die idealen Heilungsbedingungen zu schaffen
4. Diskret und wasserdicht

IT

1. Fornisci un sollievo immediato da vesciche dolorose
2. Proteggi la ferita da sporco, germi e batteri
3. Ogni cerotto contiene un cuscinetto isolante idrocolloide, che assorbe l'umidità in eccesso dalla pelle e aiuta a creare le condizioni di guarigione ideali
4. Discreto e impermeabile

Usage:

- Ensure the area is clean and dry
- Remove plaster from the backing paper, apply centrally over the blister, press all around the edges.

Verwendungsweck:

- Stellen Sie sicher, dass der Bereich sauber und trocken ist
- Entfernen Sie das Pflaster vom Trägerpapier, drücken Sie es mittig auf die Blase auf, drücken Sie an den Rändern fest an.

Utilizzo:

- Assicurarsi che l'area sia pulita e asciutta
- Rimuovere l'intonaco dalla carta di supporto, applicare al centro sopra il blister, premere tutto intorno ai bordi.

Caution:

- For external use only
- Keep out of reach of children
- Do not use on open wounds
- If you suffer from diabetes, consult a healthcare professional

Warnhinweise:

- Nur für äußere Anwendung
- Ausreichend fern von Kindern aufbewahren
- Verwenden Sie das Pflaster nicht auf offenen Wunden
- Wenn Sie Diabetes erkrankt sind, konsultieren Sie einen Arzt

Attenzione:

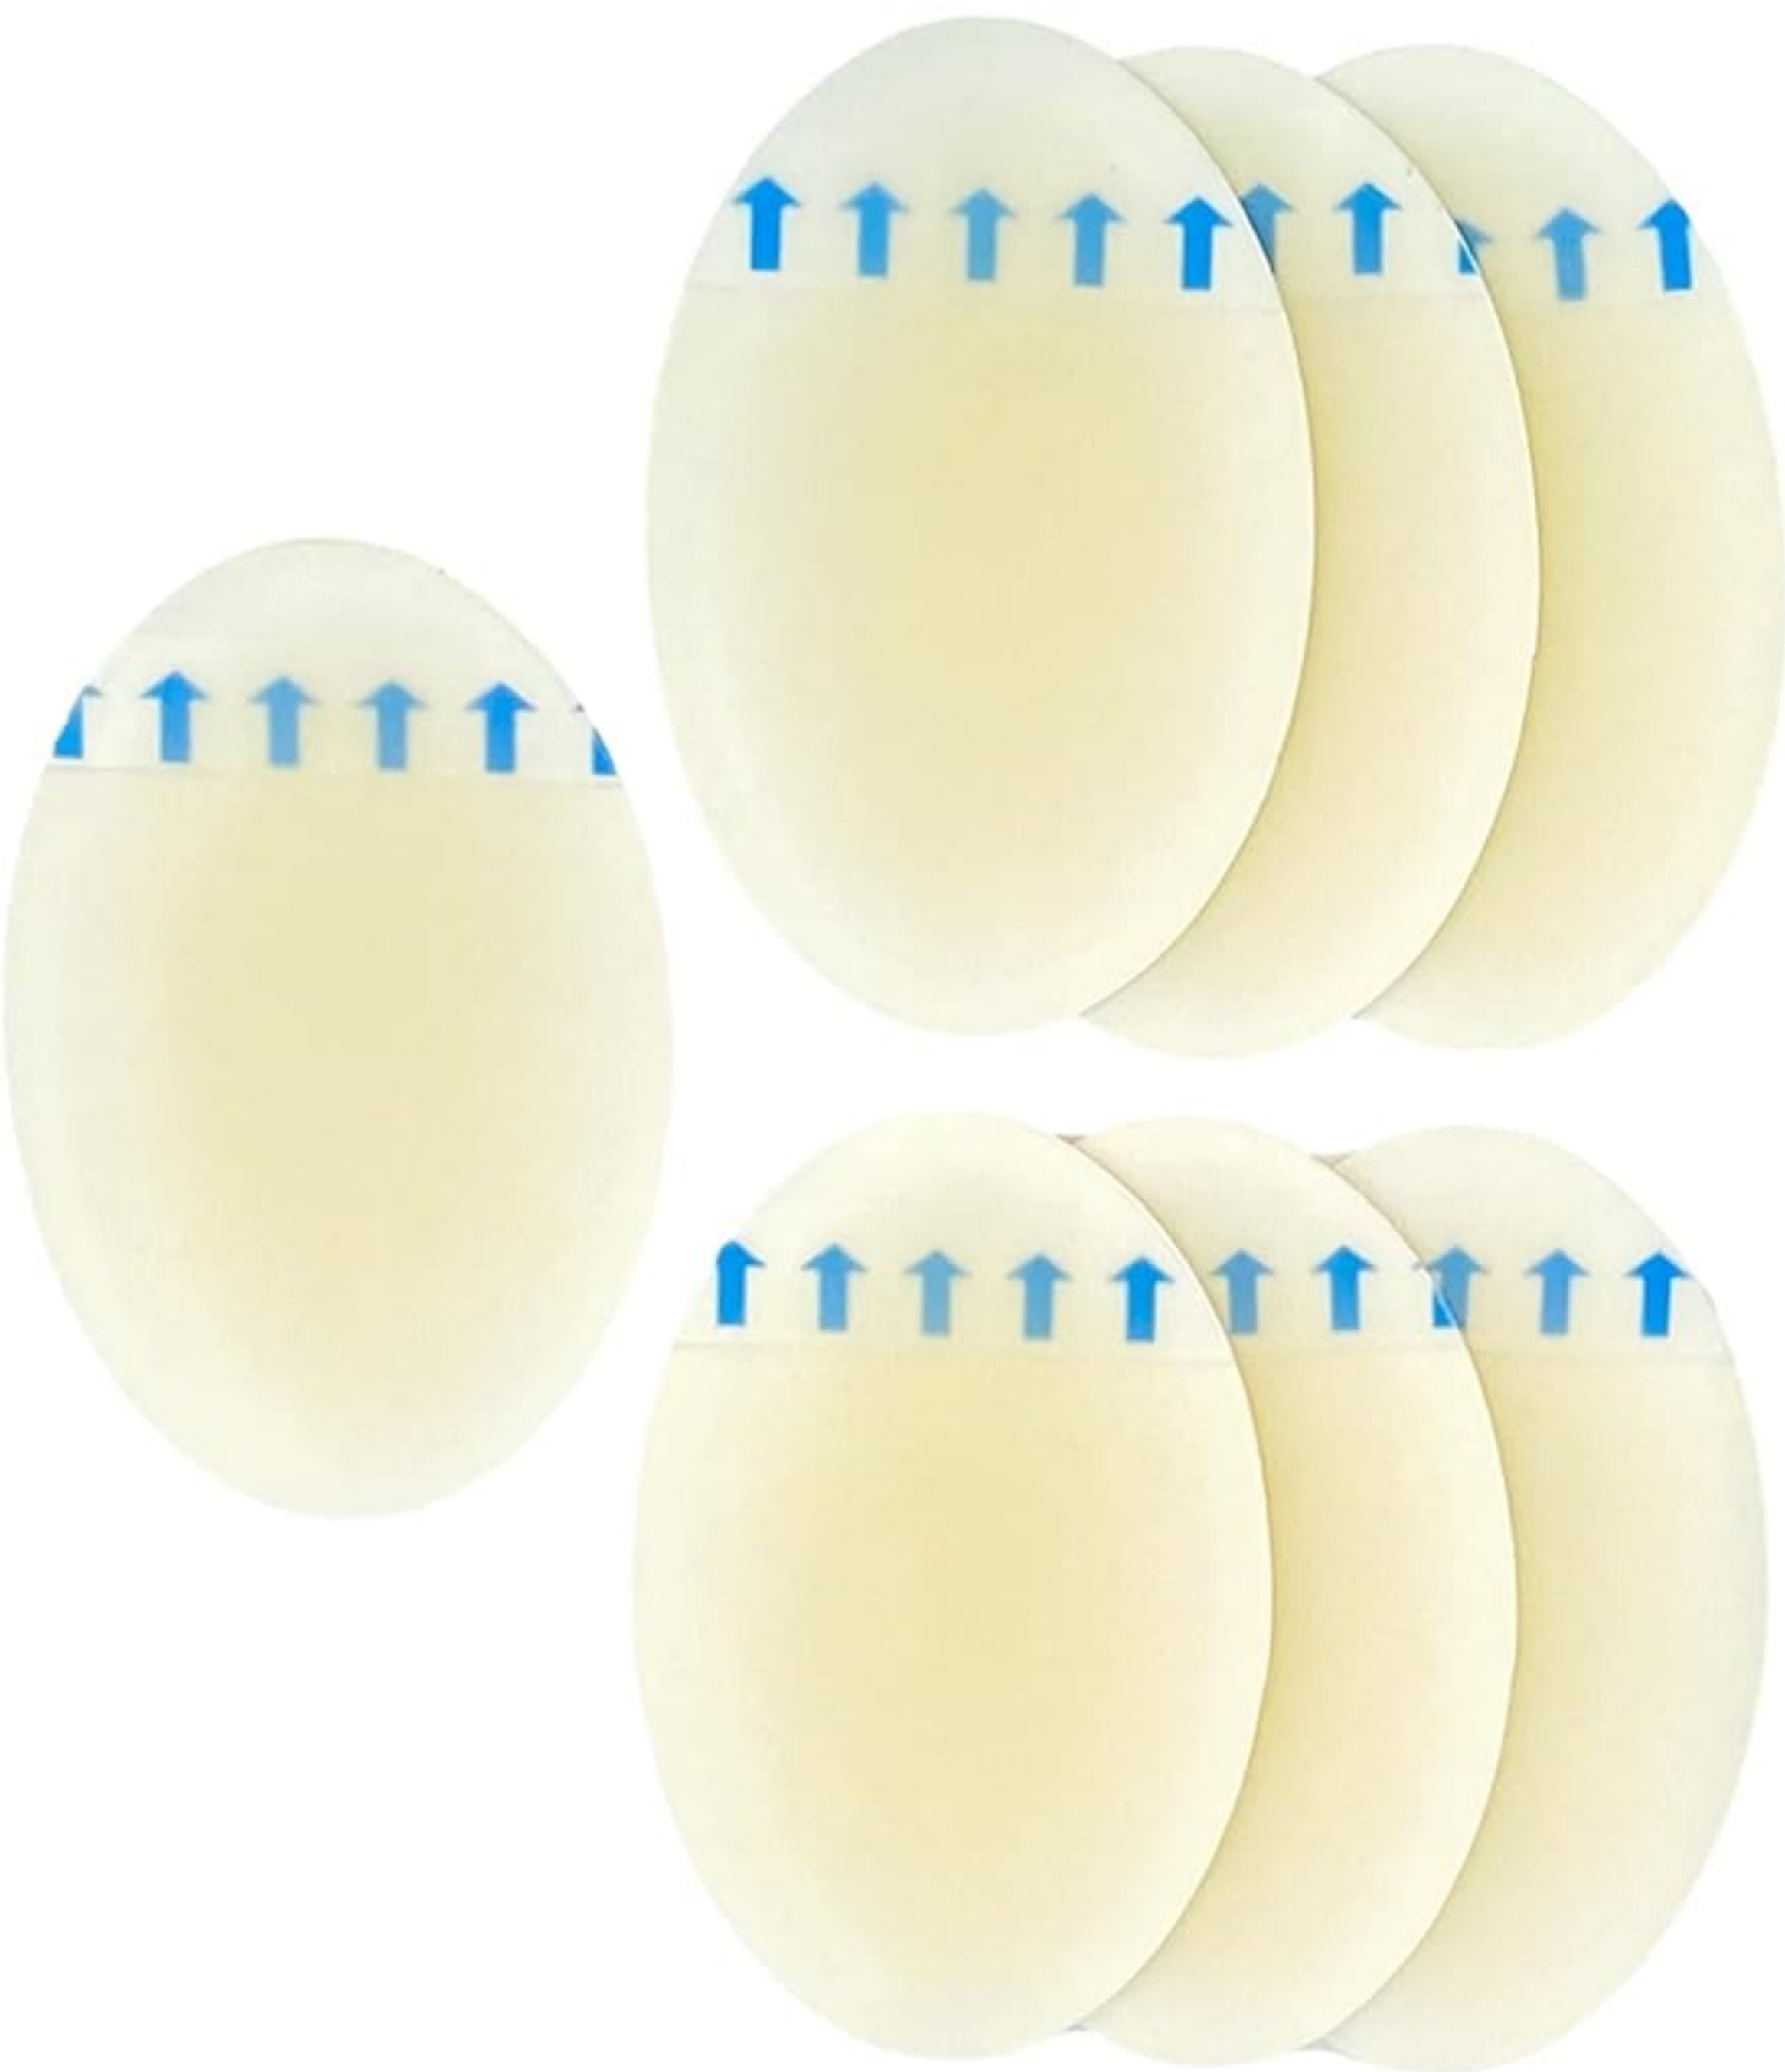

- Usare solo per uso esterno
- Tenere fuori dalla portata dei bambini
- Non usare il cerotto su ferite aperte
- Se si soffre di diabete, consultare un medico prima di usare il prodotto
